### **Plan Review Fees:**

All plan review fees will be based on 15% of the building permit fee except the following. The 15% amount comes from the percentage that the current plan check fee of 176.00 represents in a 1600 sqft home building permit. Homes less than 1600 sqft would realize a reduction in fees.

Plan review for the following will be a flat fee:

Detached garage/accessory buildings up to 1000 sqft is 50.00. Garages over the 1000 sqft will be based on the 15% calculations.

**Minimum permit fee for all projects will be \$60.00.** Any small projects where the plan review fee and permit (calculated by sqft) is less than \$60.00 the permit will be the minimum.
